

ST's in Korea & Vietnam as of 11 20 2013 & ST's lost in WW2 recorded by the Merchant Marine

These ST's are the only ones thus far found where I can find evidence of service in Korea. I know of no central listing for these. Some LT's also served.....I've also included a chart at the end of this section on the Merchant Marine list of ST's damaged or sunk in WW2. DF

ST 840

ST 850

ST 870

ST 891

ST 1366 ? No info at all – I've seen several numbers in the 1100's and 1300's for ST's, but I cannot find any records for them! Official US Army sources pick up again at ST 1978 DF
